SUSPENSION NOT NOW ANTICIPATED

Not Believed by Miners That Wage Contention Will Cause Shutdown

THIS IS A SLOW PERIOD

That there will be no suspension of mines on April 1 until the new wage scale is signed, and that when the scale is signed it will to all effects be a continuation of the old scale is the opinion of many of the miners along the Monongahela valley. While it is understood the miners will present a claim for an advance in certain respects and for equitable payment of prices for mining coal, it is not believed they will insist except in the matter of run of mine basis and perhaps not in that.

Until a settlement of contentions over the wage scale is reached it is believed that the mines will continue to operate under the old scale. This has never been done during a wage scale fight but the miners are understood to be willing and if there is any demand for coal by that time, the operators would be happy to find so easy a method out of a difficulty.

At the present time many of the river shipping mines and some of the railroad shipping mines are closed down. The river shipping mines are not operating owing to the strike of the engineers on towboats. Some companies have imported engineers from the lakes to supplant the strikers and one or two companies have agreed to pay the advance of 25 per cent asked for. Railroad shipping mines that are suspended are suspended because of lack of orders.

The old scale of prices calls in the fourth Monongahela valley pool for 51 cents per ton for loading after the machine, and 36 cents per ton for pick mining. In the lower pools the Ohio rate prevails which is \$1.00 for pick mining and 56 cents for loading after machines.

Day laborers get paid at the rate of \$2.62 per day and drivers and snappers receive \$2.34. Timbermen who rank with drivers receive the same. Motormen get \$2.95.

GIRL TRAVELS LONG WAY TO GET KNOT TIED

A telegram was received Friday afternoon by Mr. and Mrs. Joseph Templeton, of Washington announcing that the marriage of their daughter, Miss Jennie Templeton, with Mr. Samuel Mollenauer, formerly of near Thomas this county occurred Friday morning at 11 o'clock at Bakersfield, Cal.

Miss Templeton left Washington Monday evening on her 3,000 mile trip across the continent to become the bride of Mr. Mollenauer. On account of the press of business Mr. Mollenauer was unable to come east for the wedding which had been planned for some time and she agreed to make the long journey alone.

Mrs. Templeton was met at Bakersfield by Mr. Mollenauer and they were immediately married and started for Delano, Cal., where the bridegroom is located and they will reside.

PUBLICITY KEYNOTE OF MONESSEN COUNCIL

Want to Have the Public Acquainted With All Borough Business Affairs

"Publicity" is to be the keynote of the new administrative body of Monessen council. The members believe that the public has a right to know every step that is being taken by its council, and there are to be no secret sessions, hidden decisions, and general mystery in dealing with the public's business. It is rather the desire to spread before the people every act, and in this way encourage the public to take part in its own government and to show an interest in the various matters that come before its council.

The first steps in this direction were taken at a recent meeting when the new by-laws were read, and suggestions made concerning their publications. All the members were present. The by-laws were read and accepted section by section. Only slight changes were made in the report brought in by the special committee.

RUSH SEEKING A NEW TRIAL

Millsboro Man Charged With Killing Constable Asks Appeal

HAS QUEER STATUS

James W. Rush of Millsboro who was recently convicted of manslaughter and who was later released on bail, has appealed for a new trial. The argument will be heard in the Washington county court within a few days.

Rush has never been sentenced although the finding of the jury made it possible for the court to inflict a penitentiary sentence of not over twelve years. It will be remembered that last October, Rush shot and killed Charles G. Rogge, a constable and special officer in Millsboro.

Judge Robert Irwin who was appointed to fill the vacancy caused by the death of the late Judge Taylor, was the attorney who defended Rush, the present judge being a practitioner at the time of the trial. The case has caused somewhat of a complication, but the argument for a new trial will be heard before Judge McIlvaine.

Although Rush has never been sentenced and while a new trial is still a matter of doubt a petition is being circulated at Millsboro, in Fredericktown and all over East Bethlehem township praying that Rush be paroled. The petition, it is said, is being readily signed by the great majority of the people to whom it is offered.

The fact that Rush has been convicted of manslaughter, has never been sentenced, has appealed for a new trial and a petition for parole is being secured has caused renewed interest in a case that is without comparison in the annals of Washington county.

By all means arrange to see the wonderful photo-play, "What The Gods Decree," at the Palace Theatre Monday.

DELEGATES TO FIX THE SCALE

Miners Will Choose Their Own Committee for Holding Conference

OPPOSE THE BOY SCOUTS

Indianapolis, Ind. Jan 24—It was the opinion of the delegates who are in attendance at the international convention of the United Mine Workers that there is too much of the work of the organization done by district and international officials and not enough by the men in the mines. For that reason the convention voted yesterday to take the appointment of the scale committee out of the hands of the president and vest it in the hands of the delegates themselves. The scale committee will be chosen by the delegates from each district, who will caucus and select one of their number to serve on the committee.

It was charged that many of the organization officials have not worked in the mines for long periods of time, and are not conversant with conditions. When these officials serve on the scale committee they are prone to overlook and pass over what they consider minor details, but which are of vital importance to the earnings of the actual miner. For that reason the delegates voted to have the scale fixed by men who are actually on the job.

The convention went on record as opposing the Boy Scout movement. It also passed a resolution opposing any of its members joining the militia. A resolution was also introduced providing for a general strike of coal miners in case the United States engages in any international war.

Charging that the local union of Pocahontas, West Virginia, was maintained by a detective agency for the purpose of spying on the organization, its charter was suspended.

POSTAL CLERKS IN LINE NOW FOR INCREASE

Because they see their work has been greatly increased by the operation of the parcel post law, postoffice clerks are appealing to congress for an increase in wages.

Thomas F. Flaherty, secretary of the National Federation of Postoffice with the American Federation of Labor, has within the last few days appeared before congress and presented the argument of the postoffice clerks, which is that, owing to the large increase in postal returns from the parcel post service, the government is able to increase the pay of the clerks. The postoffice department is able to show a surplus this year of over \$8,000,000 and it is expected that next year's surplus will be \$15,000,000. There are 17,000 clerks in the \$1,200 grade at present, and it is proposed to increase half of them to \$1,300 and to \$1,400 next year, with other promotions to follow. It is estimated that this would cost the government \$500,000 the first year.

ANXIOUS FOR TROLLEY LINE

Bentleyville People Ready to Put Charleroi Link Into Good Use

DO NOT LIKE TRAINS

That the people of Bentleyville are anxiously awaiting the opening up of the new trolley line from Charleroi to that point is evidenced in the following news note from Bentleyville printed in an exchange:

"Bentleyville business men are extremely anxious that the new street car line of the West Side Street Railway Co., which was begun the past summer be completed soon. Much work has already been done on the line, but owing to the condition of the weather lately, little work could be accomplished on the road. With the opening of spring the work will be rushed to completion. The line as far as built is being well patronized, showing that the people are much in favor of the new means of travel. Owing to the poor train facilities the street car when put in operation the whole distance next spring promises to get much of the train patronage."

PROHIBITIONISTS LISTEN TO TALKS

Rev. M. S. Blair of Perryopolis, scattering a rain of the liquor business at a meeting of the Belle Vernon Prohibition league Friday evening. Shorter addresses were delivered by Rev. R. N. Large, County Organizer Ernest A. Smith of Uniontown and Bente Luce of Perryopolis. They dealt with the question from an economic standpoint. An effort is being made to have the Belle Vernon club become one of the strongest in Fayette county. Among its members are some Prohibitionists from Charleroi. Announcement was made of a Prohibition meeting to be held in Uniontown on January 30 in the First M. P. church.

REMEMBERED BY HIS FRIENDS AT BOATYARD

A P. Stewart, who has resigned his position as master mechanic at the United States Boatyard at North Charleroi to take the position of resident secretary of the American club at Pittsburg, was this morning presented with a fine Hamilton gold watch, beautifully engraved, as a token of the esteem in which he is held by his fellow employees. R. A. Roberts read a testimonial to Mr. Stewart and then George S. Nutt, superintendent, presented the watch. Mr. Stewart was dumbfounded. He takes up his new duties on Monday.

The live bird shoot between Albert Bakewell of South Brownsville and Amos Smith of New England is to take place next Saturday instead of today, as announced yesterday.

PRINCIPALS ROUND TABLE TO BE HELD

Program Outlined for Meeting at Washington—Prof Pollock Has Part

The third meeting of the year of the Principals' Round Table of Washington county will be held Saturday, January 31.

The morning program is as follows: "The Importance of the Kindergarten in Education." Paper—Miss Anna Baird. Discussion—E. E. Rich. "Centralization and Department Work Below the High School." Paper—E. F. Westlake. Discussion—T. L. Pollock.

At this session certain changes in the organization of the Round Table, by way of proposing amendments to the constitution will be considered.

Following the luncheon a prominent educator from the University of Pittsburg will address the principals and teachers.

CHARLEROI HAS CLEAN STREETS

Street Commissioner Gets Busy With Hose and Water to Clear Away Dirt

COMMENTS ARE STARTED

Street Commissioner Jacob Horrell had his street men out this morning at work cleaning off the streets by the use of the fire hose and water. The main streets in the business section were washed of the mud and dirt that has collected during the recent snow until they were spic and span.

Charleroi has the reputation of being one of the cleanest and neatest towns in the county and in the state and that is largely due to the care taken of the streets.

"Washington is not to be compared with Charleroi," said a man who travels considerably this morning, "and there is not another town in this county that can approach it in point of cleanliness."

WHAT THE GODS DECREE BIG FEATURE AT PALACE

One of the biggest feature films ever shown at the Palace theatre will be produced on Monday afternoon and evening in "What the Gods Decree," which it is asserted is an equal to "The Last Days of Pompeii." The story is a most unusual one. There is related the tale of a strange robbery of a necklace from an Indian goddess at Bombay. With the theft of the necklace by a man for his wife, a strange sort of shadow seems to hang over them. A priestess recovers the necklace after casting a hypnotic spell over the daughter of the couple, which is released upon the repentance of the man and his wife.

CAMPAIGNING FOR PENSIONS

Allegheny County People Making Effort in Behalf of Mothers

\$200,000 APPROPRIATED

Pittsburg, Jan. 24—In carrying out its state-wide campaign for the enforcement of the mothers pension law in Pennsylvania the Mothers Pension League of Allegheny county is calling the attention of all boards of county commissioners to the urgency of taking advantage of the act in time for further legislation action in 1915. The league's object is to have every county in the state avail itself of the appropriation of \$200,000 set apart for the relief of deserving mothers, since this action by the commissioners will result in a much larger appropriation at the next session of the legislature.

While the larger cities have been quick to respond to the opportunity, the officers of the League feel that there is the same proportion of worthy cases among the inhabitants of the smaller towns and cities and desires that these be acted upon without delay. It is pointed out that the law in many quarters is misunderstood and the League reiterates the statement that widows who receive compensation for the support of their children under their own roofs are not to be regarded as beneficiaries of public charity. The pension law was enacted in the spirit of paying mothers a just debt due to them from the commonwealth, and the league will urge that mothers in the small places shall be rewarded as promptly as those in the big cities.

In every county seat in the state a branch of the league will be organized. The names of prominent women and those interested in club and philanthropic work in these outside towns are being registered at the league's headquarters in the Farmers Bank building, Pittsburg, where information will be furnished for branch organizations.

GREENE COUNTY CITIZENS OPPOSE BREWERY CHARTER

The W. C. T. U., the Sunday schools and the ministers of Greene county as well as many individuals and fraternal orders are sending personal letters to Gov. John K. Tener petitioning him not to grant a charter to the Ten Mile Brewing company. The application for the charter will be made on February 7, 1914. The persons asking for the charter are the purchasers of the property of the Waynesburg Brewing company which went into the hands of a receiver a few years ago.

CURED OF TROUBLE TO BACK IN 15 MINUTES

Fifteen minutes treatment of an osteopathic nature is what resulted in Fred Schampff of Charleroi getting back into good physical condition after being injured at a local glass plant. After being hurt Fred went to a Pittsburg hospital, but he failed to get relief. Then he visited Bonsetter Reese at Youngstown, O., and after 15 minutes he was picking things off the floor. Three of the back muscles had been found to be out of place.

A CORPORATION SOUL

The publication of the annual state-
ment of the United States Steel corpo-
ration's pension fund reveals a con-
dition that is in contradistinction to
the oft repeated phrase that "corpora-
tions have no souls." As a matter of
fact the soul of the corporation now-
adays is very much in evidence, and
there are few large concerns either
among the big railway lines or indus-
trial corporations but what makes
some provision for its employees when
they are sick or disabled, or become
too old to longer render efficient ser-
vice. While old age pensions and
compulsory government insurance are
coming to be state functions, the cor-
porations have led in making provi-
sions for the misfortune and distress of
their employees.

It is much the fashion to damn the
corporations for their industrial meth-
ods of the past. But comparatively
few people remember, however, that
the corporations only followed the in-
dustrial customs of the country, and
these abuses were practiced individu-
ally as much in proportion as collec-
tively. It was only when the collec-
tive employment of children showed
the exploitation and abuses that hu-
man sympathy was aroused, and a cru-
sade followed for better conditions.
Previously, and for a long time after-
ward, it was the rule rather than the
exception to exploit and cruelly treat
the dependent child individually. When
the same methods that it was the
custom to follow were practiced col-
lectively they raised a thrill of horror
throughout the civilized world.

It was the same with the other in-
dustrial methods. Conditions are in-
finitely better today than they were
a generation ago, and the corpora-
tions generally are treating their em-
ployees as individual human beings.
There are persons who still curse the
corporations, but these should ask
themselves whether the working
class of people are not better off
today than they were a generation
ago; whether or not wages are not
higher, and whether or not working
conditions are not infinitely better.
Few persons who have passed through
the experience would care to return
to former conditions.

AN OLD OPINION.

At one of the hearings last sum-
mer in the United States Steel suit,
Senator Hoar's opinion given on
April 22, 1891, was produced, yel-
low with age. The object of its pro-
duction, says the New York Sun

was of course to throw light upon
the bona fides which actuated these
pooling arrangements in the steel
and wire trade. Commenting on this
the Sun says:

"Senator Hoar answered his clients
emphatically that the agree-
ments were perfectly legal. He based
his opinion on a long series of deci-
sions in this country and in English
courts holding that such agreements
constituted no restraint of trade, and
looked forward to the saving of
property from destructive competi-
tion, the protection of property rather
than anything else. A manufacturer
was entitled to have before him the
prospect of reasonable permanence
in his business, and if any business-
man had been wasted and disorganized
by cutthroat competition, as the steel
and wire trade previously had been,
it was not only perfectly proper but
highly praiseworthy for the manu-
facturers to make the agreements in
question. Senator Hoar pointed out
that there was no distinction in prin-
ciple between a contract of working-
men not to work for less than a
stipulated sum in wages and a con-
tract of employers not to sell their
products for less than a stipulated
sum. Both of these contracts were
for the legitimate protection of those
making them and they were not con-
tracts for any unlawful or oppressive
design.
"All this seems pretty straight-
forward common sense today and there is no
question that it represented the view
both of the courts and the lawyers of
the country at the time Senator Hoar
wrote."

ELECTRIC SPARKS

The information that a large firm
is to follow the example of Henry
Ford in his profit sharing scheme is
evidence that at least others consider
the advertisement good.

According to the verdict in a New
York case the love of a certain wo-
man was worth six cents. Even that
is too much in some cases.

About the only good a person ever
gets out of a clutter of relics is the
free advertising and he or she might
as easily gratify their vanity by suing
for breach of promise or divorce.

Among the new styles for women
is included a 1914 model corset, which
has neither springs or stays, nor
bones. It is made too resemble noth-
ing and succeeds admirably.

It may not be so, but our opinion
is that when a usually hard working
man pledges himself to not work very
hard on a certain day, he usually
proves himself to be suffering from a
misapprehension.

Bob Burman says: "I am going to
burn up tracks this year." Now, Bob,
don't. We might need those tracks,
and besides it would be quite a loss.

Bentleyville ought to give a pen-
sion to those burglars who robbed the
postoffice for the notoriety they gave
the town.

The meanest man in the world is
the man who would save money for
20 years to go abroad and then come
back and put a Turkish plaster in the

ployees are on the water wagon.

PICKED UP IN PASSING

R. T. Wiley, who for many years was
editor of the Elizabeth Herald, and
well known along the valley, but who
last summer severed his connection
with that paper and went to Seat-
tle, Washington, has an interesting
letter in the Herald this week in
which some of the oddities of the Pa-
cific coast country are recounted.

"Seattle, in common with the whole
western coast country adhere al-
most exclusively to a hard money ba-
sis in all transactions," writes Mr.
Wiley. "Paper money may be had
for the asking at the banks, but it
is very rarely seen in transactions.
Gold, silver, nickels and coppers are
all that are seen in the way of mon-
ey, and it is sure mark of a tender-
foot to see a roll of bills. When I
offered a bill to a Japanese woman in
the public market, soon after coming
she turned it over, examined it care-
fully and with evident suspicion, be-
fore deciding to accept it. In com-
mercial transactions on a small scale
the "bit" is much heard of, though
never seen. For the benefit of the
uninitiated it may be said that "two
bits" are twenty-five cents, "four
bits" are fifty.

"The state of Washington has
some very advanced legislation. Wo-
man suffrage has been effective for
about two years and has already re-
sulted in good along various lines,
which amply justifies to innovation.
In connection with the recall it has
resulted in some astonishing work of
cleanup in various municipalities, Se-
attle being a particularly notable
case. An enactment of the last leg-
islature is resulting in the rapid eli-
mination of the red light districts in
many municipalities, the cleaning up
of slums and vast improvement in
conditions of living in these districts.
Under an effective local option pro-
vision, saloons have been driven from
vastly the greater part of the state,
both as to area and population. A
great majority of the counties are
wholly dry. In the cities and larger
towns the comparatively few saloons
are crowded in the business districts.
"One other Washington innovation
is the "lazy husband act." It is a
state enactment, and under its op-
eration a man who is physically able to
support his family and does not do
so may be arrested and sentenced to
the stockade, where he is compelled
to work and his wages, all excess of
just what is necessary to keep him
are turned over to his family for
their support. It is found to have
excellent results."

HOMES

Your editorial of recent date, "NIGHT HOUSES" was certainly appropriate and up-to-date. The product of LABOP is the basis of our nation's wealth, then who is more entitled to Good Comfortable Sanitary and Up-to-Date Home, than those who produce that wealth.

When I started in the Real Estate and Home Building business a little over two years ago, I started with a definite plan in mind, and that was the building of home for working people, homes that could be purchased on the easy payment plan, and homes that so far as accommodations and comfort was concerned, would equal the best homes in the land, and I decided that if I only built one at a time it would be built right.

In November 1912, I let a contract for four houses, to consist of Six Rooms, Reception Hall, Bath, Cemented Cellar, Heater, Electric Lights, Hot and Cold water in cellar for laundry purposes, Hot and cold water in kitchen Bathroom, with Cabinet Mantles, Papered Throughout with first class paper, size of lot 30 x 110, fenced with locust post and Pittsburg Steel fence laid walks in front and around houses, in fact I don't know where I could have spent another dollar without throwing it away.

Now when you talk of building a home with the accommodations mentioned, it naturally suggests a \$3000.00 to \$4000.00 home and to much for the ordinary workman to pay, but I had been busy, all the frills were eliminated and all space utilized, and when I advertised them in the Mail they were all sold on short order, but owing to sickness one was returned to us, and is now for sale at the price of \$2500.00. Terms \$200.00 or more down balance to suit purchaser. I am about to ask for bids on three more homes similar to the others, and should any one wish to purchase a home on these terms, bring your plans and we will build a home to suit you.

Several good properties for sale, at reasonable prices and lots from \$175.00 up.

AMONG THE THEATRES

LYRIC-CHARLEROI

One of the best picture nights of this week at the Lyric theatre was Wednesday night, when one of the most vivid of railroad pictures ever produced was shown in "The Wreck" a Vitagraph special in three parts. Aside from the interesting story told there were graphic scenes shown, among which was that of two engines running together in a head-on collision. The Pathe weekly was shown at the Lyric and among other notable pictures of events transpiring over the world, was shown one of Gov. J. E. Tener at a baseball meeting of recent date. On Thursday night there was a big feature picture exhibited in "Lady Madcap's Way" in two reels. The story is one in which there is involved a clever tale of love and finance with amusing scenes interwoven for all persons. On Thursday night other pictures shown were "The Silent Warning" and "The Spell of the Primeval" The famous old play, "Uncle Tom's Cabin" probably one of the best known stories in the English language will be photoplayed on Saturday night as a Kalem production of worth.

STAR-CHARLEROI

Comedies and dramas were richly

blended in this week's program at the Star theatre, with several headliners of both classifications. Manager Cowan continued his presentation of well balanced programs each evening. On Monday night he had as his comedy picture "Calamity Anne's Dream," an American film. Filling out the bill on this night were "The Father's Daughter" a neat Reliance picture and "Tomboy's Race" a Majestic film telling a most interesting story. "The Occult" headed the list of pictures on Tuesday with "The Other Woman" and "A Warm Welcome" adding to the list. In two reels, "The Blight of Wealth" was exhibited on Wednesday. This picture told of the evils that might result from great wealth and of the blighted happiness that might result from it. On Wednesday a comedy was presented, "Fatty Joins the Force." On Saturday night Manager Cowan has evolved a clever tale of love and finance with amusing scenes interwoven for all persons. On Thursday night other pictures shown were "The Silent Warning" and "The Spell of the Primeval" The famous old play, "Uncle Tom's Cabin" probably one of the best known stories in the English language will be photoplayed on Saturday night as a Kalem production of worth.

THE THEATRE-PITTSBURG
Not until George Hazelton and Benigno wrote "The Yellow Jacket" has any one attempted to evolve for of best known stories in the English language will be photoplayed on Saturday night as a Kalem production of worth.

Sullivan's Japanese crime opera "The Mikado" and no one who witnessed it during its first great run in America will fail to recall. In "The Yellow Jacket," which will have its first presentation in Pittsburgh by the Harry Davis Players at the Duquesne beginning with matinee Monday, January 25 and continuing twice daily, one is permitted to obtain a thorough conception of the manner in which the Chinese put on a play in their own country, and duplications of which are found in their quaint theatres in the Chinatowns of San Francisco and New York in this country. To obtain the exclusive right for what is conceded to be the most marvelous dramatic novelty of the last half century Mr. Harry Davis has guaranteed the biggest royalty ever exacted in this country for a play for stock production. Unquestionably there will be an unusual demand for seats for this great production, so it will behoove every one who contemplates witnessing it to make seat reservations early. Remember, there will be no change in price.

THE ALVIN-PITTSBURG

Coming to the Alvin Theatre next week beginning January 26 is William A. Brady's production of "The Family Cupboard." In "The Family Cupboard" there is shown a family of the center sort, typical of thousands of families in large cities. Mr. Nelson, the supposed head finds that most of his time is employed in earning enough money to run the extensive establishment. Mrs. Nelson, on the other hand, finds her social duties occupy all her spare time. Longing for affection which he does not get in his own household Mr. Nelson seeks elsewhere. This state of affairs has existed for two years when Kenneth Nelson the son accuses his father of maintaining two establishments and his mother hears the accusation. Immediate separation follows, but the husband and wife are about to be reconciled when Kitty May the chorus girl who has caused the breach appears on the scene, making her claim upon Mr. Nelson. But the playwright does not leave his problem there. He goes further and shows the way out of the muddle. In the capable cast are William Morris, Franklyn Ardell, Olive Harper, Thorne Irene Romaine, John Bowers, Felice Morris, Ruth Benson, Frank Hatch, Alice Hindahl and Frank Andrews.

DISAPPOINTMENT CLAIMED TO HAVE CAUSED SUICIDE

It is not any part of Greek mythology that was shocked Thursday afternoon by the death of Newton Rose, the 19-year-old son of Mr. and Mrs. Rufus Rose, of Blacksville, W. Va., who hanged himself in a barn at Spraggettown. Disappointment in love is given as the cause for the otherwise otherwise unexplainable deed of the youth.

Newton Rose was regarded as one of the model youths of his home community. He was of a cheerful, hopeful disposition and was a general favorite. It seems that he was deeply in love with a young woman who recently had discouraged his suit. This young woman is at present visiting friends in Waynesburg.

Rose, who did teaming, drove to Waynesburg and after notifying his loved one by phone called upon her. Apparently the girl did not offer him any encouragement and it is supposed he left her convinced he could never win her affection. He left Waynesburg and went to the hotel of John McDougal of Spraggettown.

Rose did not seem to be melancholy. After eating he went out to hitch his horses. Half an hour later Mrs. McDougal noticed the horses still standing in the yard. She sent her seven-year-old son Jack out to find Rose. The boy returned stating Rose was standing in the barn but would not speak to him. Mrs. McDougal then called a neighbor, Charles White, who went to the barn and found the lifeless body of young Rose hanging by a rope thrown over a plank. The boy had evidently been dead for some minutes.

The indications were that Rose had gone into the barn taken a cow rope and thrown it over a plank. Apparently he had jumped from a manger after putting a noose about his neck. The position in which he hung showed that in order to strangle himself to death he had been compelled to draw up his feet and hold them off the floor. Coroner A. T. Adamson of Waynesburg was notified and went to Spraggettown and held an inquest. He found that Rose had come to death by his own hand.

Following the inquest the body was taken to the Rose home at Blacksville. Besides his parents the young man who was the oldest of the family leaves three sisters and four brothers.

J. V. THOMPSON BUYS COAL TRACT

J. V. Thompson of Uniontown, has purchased from James A. Campbell, of Youngstown, O., 1,348 acres of coal and 71 acres of surface in Cumberland township, Greene county; coal is located on Muddy Creek, west of Khedive, Greene county. Reckoning the surface at \$90 per acre, the price for the coal is almost \$730 per acre.

"PEG O' MY HEART" TO BE PLAYED AT DONORA

Oliver Morosco's splendid production of J. Hartley Manners' comedy of youth, "Peg O' My Heart" will be the attraction at the Grand Theatre, Donora, Tuesday, February 3. The title role will be played by Marion Dentler, a remarkably pretty and clever aspirant for histrionic honors. She was selected by Mr. Morosco from more than four hundred applicants, as being idealistic for the part. The supporting cast is one of more than usual ability, and is said to be of equal strength with the one now playing its second year at the Grand Theatre, New York, which is headed by Laurette Taylor.

CHARLEROI JUNIORS DEFEAT SOUTHSIDE

The Charleroi Juniors defeated the Southside Turners by a score of 52 to 34 Thursday night. McDowell and Gozou played a star game for the Juniors. Scores: Charleroi—52 Southside—34. McDowell 1, Englemore 1, Myers 1, Schafer 1, Joyce 1, Gozou 1, C. Schobert 1, Sheeler 1, Motts 1, Mundy 1, Reibel 1, Gray 1, G. Heinsus 1. Field goals—McDowell 9, Gozou 13, Myers 3, Schobert 4, Joyce 4, Mundy 2, Reibel, Englemore. Fouls—Englemore 10 out of 14, Myers 2 out of 8. Referee—Martin.

The Mutual Program is getting better every day at the Star.

FEE QUESTION IS BROUGHT UP BY CONTROLLER

Thomas J. Underwood has been wrestling with ever since he took his office. He has had frequent conferences with his legal clerk, Attorney R. H. Meloy and upon his advice has cut out several fees included in the bills submitted by justices. Attorney Meloy rules these fees were not allowable.

Upon a number of matters the legal clerk will render a ruling and if justices are not satisfied with this ruling, it will be up to them to test the question in court.

The controller holds in a case from Washington, claimed to be a parallel case that is not a transcript, but simply a bill rendered the county by the justice. There have been included in these so-called transcripts to the county fees the same as taxed up in a regular transcript furnished the district attorney by a justice, when a case is to be carried into court. Justices have been taxing, in these so-called transcripts to the county a fee of 75 cents for "transcript and certificate." The controller has been advised that a justice is not entitled to this, for the reason that it is simply charging the county 75 cents for rendering his bill to the county. It is not, it is held, the same as though a transcript was being prepared for the district attorney's office. It is not a transcript the controller wants he says, but a bill. The question of local mileage for constables is another point raised, whether the constable is entitled to mileage when taking a prisoner to and from jail to a local justice's juryman, witnesses, etc. are not entitled to any mileage. It has been the custom for constables to charge for two miles when bringing a prisoner from the county jail to justice Carmichael's office, and then returning him after the hearing was over.

There are other fees included in these bills which are paid through the controller and commissioners, are questioned. Controller Underwood upon advice of counsel, has decided that hereafter witness fees due persons appearing before a justice will be paid direct to the witness, or upon a legal written order from such witness. Heretofore a justice has rendered his bill as to a certain hearing before him and that included all the witness fees. Witnesses went to the justice and were paid by him out of the money he got from the county. Often witnesses never came for their money and the county, in some instances, never again heard of that money and the justices were ahead just that much. Hereafter witnesses before a justice will be paid directly by the county. Until they come after this money, or send an order for it, the county will have the money. There will not be a lot of witness fee money remaining unpaid in the hands of justices over the county.

IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa. "At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than

all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good."—Mrs. E. J. RICKETS, 354 8th Avenue, West, Cedar Rapids, Iowa.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If there are any complications you don't understand write Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass.

Charleroi People Have Good Reason For Complete Reliance

Do you know how—
To find relief from backache;
To correct distressing urinary ills;
To assist weak kidneys;
Your neighbors know the way.
Have used Doan's Kidney Pills;
Have proved their worth in many tests.

Here's Charleroi testimony.
Mrs. William Urban, Sr., 736 Fairfield Ave., Charleroi, Pa., says: "Some years ago I used Doan's Kidney Pills procured at Piper Bros' Drug Store, and they cured me of an attack of kidney disease. I value this remedy highly, and do not hesitate to recommend it to other sufferers from kidney trouble."

CHARLEROI HIGH BEATS SHADYSIDE

Captain Lorimer's proteges at high school gave a severe setback to the Shadyside Academy's basketball hopes Friday evening at the high school gymnasium in a rip-sporting game when they defeated the Pittsburghers by the score of 33 to 31. Somolence had no place in the speedy, scooping, scalloping, scooting, scorching struggle, hence nobody slept. The hall was packed with people.
The game started with Charleroi ahead, because it made the first field goal, but Shadyside soon grasped opportunity by the forelock and elevated themselves into the seventeenth heaven of happiness by polling a few votes and pulling out at the end of the first quarter by a single, solitary point ahead. Score 8 to 7. The first basket of the game was tossed by Stahlman.
At the end of the first half Captain Gaut and his persistent party had regained the lead with patient effort that was only preliminary to a greater lead. The score at the whistle's sound was 22 to 11. The second half opened strongly. Charleroi high school playing a little superior ball than the sagacious visitors. But after the opening of the last quarter the Shadyside lads made things hum, and finding their stride crept up steadily. The nearest they ever got was 28 to 34.
Concerning the game there were features, then more features. In the basket shooting, Matson, of Shadyside, who by the way goes shortly to State College to engage in athletics, and his crowd were rather poor, but their passing was good. Charleroi was exceptionally strong in both lines. After Anderson of Shadyside got started he pulled off the record with six baskets. But in the long run Charleroi simply outplayed Shadyside, in spite of the apparent overweight of the visiting five.
Shadyside slapped everybody on the wrist real wickedly and did other naughty things that the man who wrote the rules said strictly mustn't be done until Referee Wagner felt impelled to issue rigid warnings. To tell the truth he called just 28 deserved fouls on Shadyside.
Wagner did the foul shooting for Charleroi and got a good percentage. His two baskets were wonders. Stahlman and Gaut led in the basket throwing with four each. Speers and Lowstuter were at their best on the guards and the former on two occasions tossed baskets that won for him considerable renown. Score:
Charleroi High—39 Shadyside—31
Wagner F Caspar, Foster
Stahlman F Anderson
Gaut C Matson
Speers G Jewett, Heard
E. Lowstuter G Gilmore
Field goals—Wagner 2, Stahlman 4, Gaut 4, Speers 2, Caspar 3, Anderson 6, Matson 3. Point awarded—Matson 1. Goals from fouls—Wagner 15 out of 28; Anderson 6 out of 13. Referee—L. Wagner.

WESTMORELAND WANTS TO WORK PRISONERS ON ROADS

When the township supervisors meet in Greensburg in convention with the Westmoreland county commissioners and officials of the state highway department on Wednesday February 4, among other important phases of road work to be solved, it is said, will be the employment of prisoners in the county jail. There are many idle prisoners in the jail serving terms from 60 to 90 days and it is proposed to put them at work if practicable.

Monessen Wants Fewer Licenses

A petition has been started in Monessen in an effort to have the Westmoreland county court grant fewer licenses in that town. No fight is directed against any particular hotel, but the petition asks that the number of saloons be reduced.
